

# **OFFICER VIRTUAL ACADEMY**

## **COURSE INTRODUCTION**

## **Active Shooter Scene & Response Management**

This is an online only (virtual) training course that reviews some of the management and supervisor concerns not usually addressed in active shooter response courses. While active shooter events can occur at any location, this course focuses on schools.

The course includes a PowerPoint slide show that corresponds to the three training videos. The total viewing time for the videos is approximately 35 minutes broken down into three segments. For viewer's reference there is also a downloadable PDF version of the PowerPoint presentation, perfect for use in taking notes. A course syllabus and extra reading resources are also included in the training materials.
