COURSE INTRODUCTION

Legally Armed Citizens at Active Shooter/Killer Scenes

This is an online only (virtual) training course that addresses the growing concerns of legally armed citizens either on scene when an active shooter/active killer event starts, caught in the immediate area when one occurs, or responding to the scene if they feel compelled to protect/rescue someone therein.

The course includes a PowerPoint slide show that corresponds to the five training videos. The total viewing time for the videos is approximately one hour and forty minutes. For viewer's reference there is also a downloadable PDF version of the PowerPoint presentation, perfect for use in taking notes. A course syllabus and additional resources are also included in the training materials.

If there are any questions with regard to the content, please contact the instructor: Lt. Frank Borelli via email to frank@officer.com.
